

ICT integrated learning

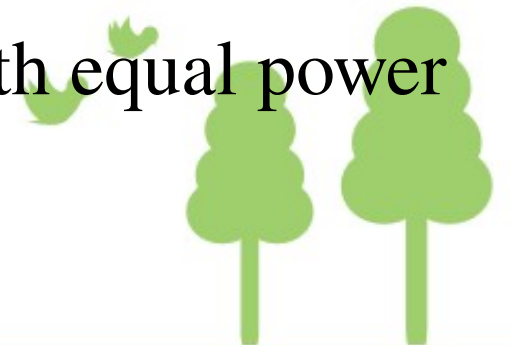

Collaborative creation of knowledge

Vijaya Teachers College
August 2019

Knowledge is power

- Always those with knowledge have power over those who do not
- Cultures, countries, languages – we have more powerful and less powerful
 - English medium schools in India
- Knowledge production in small groups
- Democracy – all have equal opportunity with equal power

Democratising knowledge

- ‘All knowledge of the world available to all’
 - Jimmy Wales
- Digital technologies can enable this
 - Allowing more people to create
 - Allowing sharing
 - Allowing common store
 - Allowing in all languages (scripts)

Wiki

- Software for collaborative editing and resource creation
 - Wikipedia
 - Wikiquote
 - Wikitionary
 - Wiki educator
 - KOER

Teacher as a ‘public intellectual’

- Teachers are society’s knowledge transmission mode across generations
- Teachers are knowledge creators
- ICT can allow teachers to create, revise, share and publish
- Wiki can allow collaborative resource creation, revision
- It is responsibility of teachers to create and share relevant, useful knowledge for all in society
- Internet = download, now Internet = upload

Indian languages' resources

- https://en.wikipedia.org/wiki/List_of_Wikipedias#Detailed_list
