

Techno-pedagogy for Creating and Learning

Digital Innovations for Teacher Education

Vijaya Teachers College, Bengaluru

IT for Change , June 2023

1. The Power of Storytelling in Education

- In BEd C&P you teach storytelling as a pedagogical tool. How do you teach it? Do you use in your teaching? (Connecting to the B.Ed syllabus)
- Benefits of storytelling in teaching and learning
- Exploring the impact of storytelling on language and social science (and commerce*) education through hungry caterpillar story
- Reading handout of Yanis Varoufakis – ‘Talking to My Daughter about the Economy’
- Video: <https://youtu.be/BPt8EITQMlg>

2. Digital Storytelling Tools and Techniques

- Paper on [DST](#), about the [process and projects](#)
- Case studies and examples of successful storytelling in education ([KITE, Kerala](#) and TIEE programs)
- Demonstrations of digital storytelling tools ([Language Lab resources](#)) and other supportive tools. Sample story: [My fish no my fish](#)
- Tips and best practices for creating effective digital stories

3. Techno-pedagogy of Social Science

- Pedagogic goals of social science.
- Why do we ask questions? Types of questions.
- Tools that can be used in teaching-learning
 - [Using Timelines to teach history](#). Tool: [Learn H5P](#)
 - Creating [physical models](#) or using digital simulations ([Phet](#))
 - [Lesson on latitudes and longitudes](#), [Learn Marble](#)
 - [Learn KGeography](#)
